Hi, Donna:

Ginger said that Chuck is available after 11:30 tomorrow. Your calendar is fully booked for the afternoon.

Can you suggest a time?

Lily

What time are you thinking? I see Donna has a tentative meeting on her calendar at 9 tomorrow.

Hi, Ginger:

I understand that Lisa is out of office this week. Donna and I would like to meet with Chuck for 30-40 minutes , either today or tomorrow. I looked at Donna's calendar, it seems that tomorrow morning fits Donna's. Please let us know when will be a good time for Chuck.

The topics is about the IPR handling in call for submissions on quantum resistant cryptographic algorithms. We like to discuss different aspects and their implications/impacts.

Thanks,
