Subject: PQC Project Page Menu  
Dustin,

See screen shot below of new menu layout, per our discussions. Let me know if this is good, if I'm missing anything, or if anything needs to be moved. This will be repeated on every page (manually) so its best if the menu items are set before the next pages are created.  
Changes made:

- Moved FRN link to upper "Project" menu
- Made the "Standardization" menu heading just a heading (no link)
- Added "Call for Proposals" menu item
- Separated "FAQ" menu item slightly away from the "Standardization" sub-menu
