Make sure you refresh and/or clear your history. I had to clear my history for the new info to show (and then the pdf link worked too).

Let me know,
Sara

Sara,

The link to the .pdf of the CFP doesn't seem to be working:

<http://csrc.nist.gov/groups/ST/post-quantum-crypto/documents/call-for-proposals-final-dec-2016.pdf>

Also – the word DRAFT still appears on top of a lot of the pages. So does Proposed. Are am I looking at the old pages somehow?

Everything is up. I just need to go through and check links. Let me know if you see anything broken.

Next Tuesday, I will add the link to the Federal Register Notice.

Per a previous email from Andy, I believe all headings and titles should have “proposed” removed.
Final CFP 4.9 attached.

Please confirm,
Sara

Subject: Final CFP

Sara,

The NIST counsel’s office sent us a few changes. They are marked in the attached file (final CFP 4.8 tracked changes). I also included a version (final CFP 4.8) without the tracked changes. I accept all their suggestions, so go ahead and make these final few changes.

I haven’t heard from Andy if we can post today or tomorrow yet. So hold off posting until we hear.

Thanks!

Dustin
