Subject: Re: [nist-ai] Wiki address

Hi Mike (and Thelma),

Thanks for getting back to me! I'm in the Applied and Computational Math Division, Computation and Communications Theory Group (771.03).

My main area is quantum computation and cryptography, but I've also done some work in machine learning (e.g., compressed sensing, low-rank matrix completion, and document topic modeling). Lately I've gotten interested in neuromorphic computing; in particular, Vince Stanford, Oleg Aulov, Alan Mink and I got some BTF funding for this: https://inet.nist.gov/itl/itl-building-future-program-awardees-fy-2017

I'll try to stop by your office sometime!

Cheers,

--Yi-Kai

Yi-Kai,

You have been added to the email distribution list for nist-ai@nist.gov.
You have also been added to the sharepoint site available at:
https://nistgov.sharepoint.com/sites/NISTAICommunity/SitePages/AI%20Wiki.aspx
Please let me know if you have any issues with the site.

Thanks, Thelma Allen, x2717

(Thelma, please add Yi-Kai.)

Yi-Kai,

Sorry to be slow to respond. I would be most happy to include you with the NIST AI Community of Interest. What division and group are you in? I don't think we have had the pleasure of meeting. Feel free to swing by my office and introduce yourself sometime (225/A213).

Mike

Hi Michael,

I'm doing some work on deep learning and neuromorphic computing, and I'm interested in joining the NIST AI Community of Interest. Could you add me to the mailing list?

Thanks!

Vince, Yi-Kai, Alan,

Given your BTF project, I think that you should join the NIST AI Community of Interest. This requires no real commitment. At the very least you will be added to an email list and get occasional announcements related to AI at NIST. A Wiki has been established. The point of this is to begin to develop a community of people at NIST interested in AI in hopes of being able to develop a more formal program in the future.

If you would like to join, just send an email to michael.garris@nist.gov<mailto:michael.garris@nist.gov> with a request to join the NIST AI Community of Interest. (Feel free to pass this along to anyone else who might want to join.)

Thanks!

Ron

Good afternoon.

I apologize for the extra message, but I should have included the wiki address in the email I sent earlier (just to make sure you had a direct link):
https://nistgov.sharepoint.com/sites/NISTAICommunity/SitePages/AI%20Wiki.aspx

If you have any questions or issues getting to it, please let me know.

Thanks, Thelma
