Hi, Jacob,

Let's start to get you an official passport. We will handle travel before the registration is open. Please provide Vickie the information (e.g. filled form) for passport application.

Lily

Alperin,

I will complete your travel order in Dec/Jan. It's will take about 6 weeks to receive a passport. It doesn't matter if you attend or not. You will need a passport for future foreign travel. I can use a draft travel order for the passport application.

Thanks,

Vickie

Lily,

Although I don't feel so good about the chances of my submission there getting in (one of my co-authors wanted to submit there rather than wait for a different lower-tier conference), we should probably still have a representative there to interface with people from Europe and Israel who may not be able to make it to CRYPTO or our other workshops, and the other PQC team members seem okay with it being me.

Anyway, the conference is in late April-early May, but if I understand correctly, I need a travel authorization before Vickie can begin processing the passport application and you've said that could take a while. Could we talk sometime later this week about how travel authorization works so I can get the process started (assuming there's funds for me to go and whatnot)?
