When is he available ? Is he in the DC area?

Subject: Oscar Garcia Morchon

Hi, Meltem,

Oscar is the HIMMO guy. He is wanting to come and give a presentation at NIST, and we thought it might be nice if we could fit it in while I'm here. Is there some time in the next couple of weeks that would work to invite him? His HIMMO thing is being advertised as lightweight and post-quantum. Thanks!

Cheers,
Daniel
