Hi,

No. My first day will be on the 13th. Last will be that Friday, so just one week.

Cheers!

Hi, Dustin,

I'm coming in two weeks. I want to talk about my new attack on HFE minus. It breaks most parameters practically, so it's fairly impactful for considering parameters for Gui or some other iteration of these things.

I would like to talk about the himmo things too, but I would rather do that in May. I can also speak in May about an attack on ZHFE.

Cheers,
Daniel

Daniel,

When are you coming here again? Are you good to speak on something when you come? Thanks,

Dustin
