Lily,

Chad has shared it with me as well, and we've done some editing back and forth. I think your comment is a good one to ask. Maybe we could re-state to still give an idea why we chose sphincs+, or it's fine with me to drop it. (Of course, we have the 4th round KEMs that will be a backup to the lattice KEMs.)

Hi, Dustin,

Chad asked us to read the draft report. I have one comment I like to check with you first. Please see the attached.

Thanks,
