Hi Dylan,

Thanks and for now please let him know that we will be working through the NCCoE Project on Quantum Transitions and should sign up to the community of interest here:

Subject: Quantum-resistant Crypto Working Group?

Hi Matt,

Hope all is well. I just received an inquiry from a big law firm partner who is interested in joining an upcoming NIST working group on quantum-resistant cryptography. Assuming this is a thing, do you know who I should direct him to for more info?

Thanks,
