Did we do this at the start of the FY or is that my imagination?

Subject: QuICS Funding and Plans

I am meeting with Jake Taylor tomorrow to discuss FY 2019 funding to be sent to QuICS. Is he meeting with you separately?

I am happy to help with the transfer of any 773 funding, though your AO may already know how to do this. In any case, I'd like to know how much funding that you are sending and which overhead rate you are using so that the Lab Office has a complete picture of its funding for QuICS.

As another FYI ... I am going to a meeting hosted by Laurie Locascio at UMD tomorrow to discuss the future vision for JQI and QuICS. Perhaps UMD smells National Quantum Initiative funding? Yi-Kai and I will be there representing ITL. Other key people from JQI and QuICS will be there. I'll fill you in if there is anything of note that comes of it.

Ron
