Subject: 60NANB16D303 University of Wollongong Final Performance Progress Report - Response requested by Dec 20th

Dear Lily,

I have attached the final technical progress report from the University of Wollongong for the project "On the Structure of Lattices for Post-Quantum Cryptography". I have also attached the original proposal to assist with your review.

Some questions to guide your review:

- Does the description of the work in the technical report align with the funded proposal?
- Are you satisfied with the work completed during the award?

Please provide your feedback by Dec 20th.

I am available if you have any questions.

Thank you.
