No action required. Just an FYI. Glad to have planted a seed.

Ron

Hi Ron –

Thanks! I have spoken to Victor a few times, but I didn't know he had written a paper on quantum crypto. That's cool (it does seem related to my interests). I read the beginning, and I'll take a closer look later ...

Subject: Albert's paper

Hi Carl.

Not sure if you've had the opportunity to interact with Victor Albert, who we hired during COVID and who is a QuICS Fellow. He has pretty wide interests. He just submitted the attached paper for ERB review. He selected Matt Coudron and Michael Gullans as reviewers. It occurred to me that you would also been a fine choice, but that maybe he just doesn't know you yet.

At any rate, I thought that you'd be interested in this paper by one of your QuICS colleagues.

Ron
