Subject: Re: BSI (Germany) Visit on Feb. 15
Date: Monday, February 11, 2019 2:33:33 PM

Unfortunately, I am tied up all day in DC.

Carl

Hi, Carl, Ron and Alan,

BSI will visit us next Friday Feb.15. The meeting is schedule 10:00-12:00 in Building 223 B309. The proposed agenda include

- PQ standardization (including protocol standards, security levels, and hardware requirements)
- NIST's view on quantum security of symmetric cryptography
- Status of FIPS 186-4
- NIST's view on QKD
- Quantum Computers
- Blockchain

We would like to invite you to the meeting. Would you suggest anyone else on the topics of QKD and quantum computers? I will invite you and the colleagues you suggest through calendar.

Thanks,

Lily
