Subject: Re: meeting time

We just talked again about revising the schedule of Circuits meeting.

To reduce conflict with usual PQC meeting, a new option on the table is 9--10am once every two Fridays (Oct 15, Oct 29, Nov 12, Nov 26, ...).

How does this work for each of us?

Regards, Luís

Subject: RE: meeting time

Do we start at 11am or 2:30pm?

Rene and Morrie, you seem to have a PQC meeting tomorrow until noon.

Thanks,
Meltem

Subject: Re: meeting time

Rene and I have all Wednesdays 2pm--3pm booked. It usually alternates between threshold multi-party and masked circuits ... although the masked-circuits ones are currently not showing in the calendar.

How about Friday late mornings, say, 11am?

Regards, Luís

Subject: RE: meeting time

Assuming most meetings don't end on time, starting exactly on 2:30pm may not be possible.

Since we are hoping to do research in these meetings, not just catch up, late Friday afternoons are not ideal either (especially for Rene, right after another technical meeting).

How about Wednesday afternoons @2pm ? (alternating weeks with threshold meetings)

Thanks,
Meltem

Subject: meeting time

Dear all,

I have INSuRE meetings from 1 to 2:30 every Friday. I cannot move that.
I will try to join the circuits meeting at 2:30.

Regards, René.
